AAA MERRIMACK VALLEY has designed a very unique holiday tour that will be enjoyed enormously by our members and friends. We'll start our day off with a visit to Springfield, MA to the Quadrangle in the downtown area. Springfield has five distinctly different museums set around a beautiful park-like common home to the Dr. Seuss National Memorial Sculpture Garden. The newest addition to the Quadrangle, The Museum of Springfield History, will be open for a guided tour for the group. You'll have ample time to explore the other museums on your own. They include the Springfield Museum of Fine Arts; George Walter Vincent Smith Art Museum; Springfield Science Museum and the Connecticut Valley Historical Museum plus the Dr. Seuss Sculpture Garden. Then we're off to the major feature of the day ... **BRIGHT NIGHTS** ... at Forest Park which is the northeast's premiere holiday lighting experience, celebrating its 15th season in 2009. It features 2.5 miles of lighting displays from the welcoming Poinsettia Fantasy to Seussland and Jurassic World and more. You'll tour half of the lighting display and then enjoy **DINNER WITH DICKENS** in the historic Barney Carriage House. Fabulous dinner with a delicious menu! Then you'll continue the Bright Nights display which really puts everyone in the holiday mood. Immediate return home after Bright Nights.
